## EDUCATION

---

2020 - 2023 Bachelor's Degree in Electrical Engineering (CGPA: 7.0/10)  
Madhukarrao Pandav College Of Engineering, Bhandara, RTMNU

## WORK EXPERIENCE

---

### Unix Technologies

*Dynamic News Aggregator Application* May 2024–Present, [Visit](#)

- Implemented user-friendly, responsive web pages that adapt seamlessly across different devices.
- Contributed to creating clean and easy-to-use interfaces, making the application more intuitive for users.
- Contributed to implementing server-side rendering to improve site loading speed and performance.
- Used React to create dynamic UI components and handled user interactions with state management.
- Created reusable components, reducing project size and enhancing code maintainability.
- Improved search engine ranking by using server-side rendering for better SEO.
- Contributed to optimizing the application by using best practices and reducing load times.
- Implemented better error handling in multiple React components to enhance app stability.

## TECHNICAL PROJECTS

---

*HireNet Job Portal Application, MERN Stack* [Visit](#)

- Created a smooth and easy-to-use experience, leading to more users interacting with the app.
- Built controlled forms in React to improve how user inputs are handled and validated.
- Improved the app's performance to make sure it loads quickly and navigation feels smooth.
- Produced secure authentication and authorization features for both job seekers and employers.
- Implemented Context API to manage global state and reduce the need for excessive prop drilling.

## TECHNICAL SKILLS

---

- **Frontend:** HTML5, CSS3, Tailwind, JavaScript, ReactJS, Redux, Context API, Hooks, Debugging, Unit testing, Rest API'S, Responsive Web Design UI, Performance Optimization
- **Backend:** NodeJS, ExpressJS, Mongo DB
- **Tools and Others:** Git, GitHub, VScode, PostMan

## CERTIFICATIONS

---

Fullstack Web Developer Training Course, Edureka

- Web developer certification training course.
- ReactJS Frontend development certification training course.
- NodeJS certification training course.
